

# Technology Classes

for adults and teens

## 3D Printing Workshop

Tuesday, Nov. 6 at 6:30 p.m.  
and Saturday, Dec. 1 at 11 a.m.  
SMART Lab

All attendees can create or choose a 3D object to print free of charge (valued up to \$2). If you would like to attend with your own laptop or observe the class, please contact [rmarsola@sbpl.info](mailto:rmarsola@sbpl.info). *Registration required.*

## PC Computer Clinic

Saturday, Dec. 8  
from 1:30 to 4 p.m.  
SMART Lab

Is your computer sluggish? Do you have viruses? Does "technical computer talk" confuse you? Register to chat with friendly computer techs at the Library who can diagnose your computer's problems and get plain English remedies and advice to get your computer healthy and running like new again. *Registration required.*

## Introduction to Microsoft Excel

Thursday, Nov. 8 and Dec. 6 at 7 p.m.  
SMART Lab

Learn about the basics of Microsoft Excel in this hands-on class. This class will teach about worksheets, workbooks, formatting data, formulas, cell references, copy & fill formulas, sorting, templates, and charts. If you would like to attend with your own laptop or observe the class, please contact [bpage@sbpl.info](mailto:bpage@sbpl.info). *Registration required.*

## Intermediate Microsoft Excel

Thursday, Nov. 15 and Dec. 13 at 7 p.m.  
SMART Lab

Cover the intermediate applications of Excel, including business use, cover charts, conditions, sorting, and spreadsheets. To attend using our own laptop or simply observe, contact [bpage@sbpl.info](mailto:bpage@sbpl.info). *Registration required.*

## Android Phone Help

Monday, Nov. 19 at 11 a.m.  
SMART Lab

Questions about your Android phone? Let's work together to get you calling, texting, taking photos, and more. Work one-on-one with your specific questions or learn basic usage. *Registration required.*

## Savvy Shopper:

### Tablet or Laptop?

Monday, Nov. 26 at 1 p.m.  
SMART Lab

Make an informed decision about what to purchase this year. We will compare laptops and tablets to help you decide which mobile computing platform suits your needs. *Registration requested.*

## Study Smart with SBPL

Monday, Nov. 26  
at 4:15 p.m.

### Family Computing Area

Learn how to harness the power of Brainfuse and Learning Express to learn new concepts, reinforce current learning and boost your writing skills. *Registration requested*

## Resources for Job Seekers

Monday, Nov. 26  
at 6:30 p.m.  
SMART Lab

Learn to use job search resources including career databases, websites, and more at the Library. Try free online classes on resumes and cover letters, and computer skills. *Registration required.*

## Intro to Coding - Developing an Android App in Java

Tuesday, Nov. 27  
and Dec. 4 at 1:30 p.m.  
SMART Lab

Learn (or sharpen!) your Java skills and develop that program into a working app for Android. *Registration required for this two-part class.*

## Podcasts: Listen Up!

Monday, Dec. 3  
at 1 p.m.  
SMART Lab

Learn how to find podcasts of interest to you and how to access them. We will cover apps you can use and

how to find podcasts you will love. *Registration requested.*

## Creating and Organizing Documents - Intermediate

Wednesday, Dec. 5 at 10:30 a.m.  
SMART Lab

In this intermediate class, continue learning how to work with documents: creating, saving, organizing, attachments, folders, files, scanning, and more. This class requires basic computer knowledge. Bring along a flash drive if you like. *Registration required.*

## Phone Camera Basics

Monday, Dec. 10 at 11 a.m.  
SMART Lab

Get ready for photos of family, friends, food and fun. Learn the basics of your phone or tablet camera to get the best shots (and how to edit the not-so-best ones!). *Registration requested.*

## Effective Resume Writing

Monday, Dec. 10 at 6:30 p.m.  
SMART Lab

Learn how to write an effective resume with an overview of the resources here in the library that can assist you in your job search. Space is limited; registration is required. *Registration required.*

## Finding Business Information Online

Wednesday, Dec. 12  
at 10:30 a.m.  
SMART Lab

Discover the online tools to search and locate business information - be better prepared for the job interview! We will learn easy ways to find annual reports, how to read company profiles, and discover the major products and services that a company provides. *Registration required.*
